**International Feng Shui Master, Diana Garber of Intuitive Concepts,  
Joins a Prodigious International Academy**

SUNBURY, OH, (May 28, 2015)

Diana Garber, a renowned international Feng Shui Master and the CEO of Intuitive Concepts, announces her membership into the Academy of Integrative Health & Medicine, an organization that educates health practitioners to assure optimal health care through global healing traditions.

Integrative medicine focuses on the individual rather than the malady, and it emphasizes the importance of the connection between the practitioner and the patient as well as the correct therapeutic methodology that will insure the right solution.

In Diana Garber's Feng Shui practice she incorporates the individual, the residential or commercial structure, and the land in her consultation assessments to insure accuracy and the greatest outcome. Her results oriented hands-on approach is appreciated by her many clients, as shown in this recommendation by a CEO, *"My experience has proven to be practical, factual, and quantifiable. I consider Diana to be a valuable strategic partner."*

Dr. Russell Faust, MD, PhD, an award-winning physician-scientist and Board Member of AIHM, recommended that Garber join the academy. The first Feng Shui master to do so, her contribution in energy medicine was evident since she has served on patient wellness teams and taught for some time. Garber is honored to be a certified practitioner of the Academy of Integrative Health & Medicine's program.
