Dear Dr. Welker:

I have known Diana Garber for at least 10 years. Diana has always demonstrated commendable integrity. She has always been self-motivated. Diana is conscientious, considerate and dependable.

Diana has Feng Shui my home. I have had others practitioners attempt to do this, none of which did so with such accurate precision as Diana. She holds her profession with great aptitude in paying attention to detail.

Diana is a first-rate professional who is able to communicate her knowledge of feng shui with ease and resourcefulness.

Diana is an invaluable asset to any organization. She is my first choice in referring feng shui to anyone.

Respectfully,

Christie Casaday
